

## Special Session on Smart Workspace (SoSWS 2015)

SoSWS 2015 is part of the 19th Asia Pacific Symposium on Intelligent and Evolutionary Systems (IES 2015)

<http://www.ies-2015.org/>

November 22-25, 2015, Bangkok, Thailand

Recent advances in information and communication technologies have opened up a new exciting research topic in 'smart workspace'. The smart workspace aims to integrate interactive multimedia, data analytics and ubiquitous technologies to create efficient, creative and innovative applications. This effort incorporates big data analysis, infographics, mobile communications, multimedia services, data storage and ubiquitous engineering.

Topics of interest include, but are not limited to the following areas:

- **Smart working and living spaces** : Personalized workspace, Sensing and algorithms to understand fine-grained human activity, Responsive lighting, HVAC, health, energy conservation, and communication in the home and work, Smart learning spaces, Smart curriculum and courseware design and development, Smart education analytics, Multimodal scene analysis, Mobility and Gamification in smart education.
- **Smart technology for effective processes**: Design and development of Smart technology-based software and hardware systems, Application of intelligent computing in smart workspace, Applications of smart toys in education, work or living spaces, Connectivity of smart devices in smart workspace, Mobility, security, access and control in smart workspace.
- **Smart Technology trends**: Interactive workspace, Cloud computing, Wearable technology, Mobile/game-based applications, Open content, etc

### Important dates

Paper Submission Deadline	:	July 1, 2015
Notification of Acceptance	:	September 1, 2015
Camera-ready Deadline	:	September 15, 2015
Conference dates	:	22-25th November 2015

All manuscripts submitted should be full papers and prepared according to the Springer conference paper templates (<http://www.ies-2015.org/submission.php>). The manuscript text should be in one-column page format. The length of the manuscripts prepared with the given template is 10 to 12 pages, up to 15 pages. All submissions will be checked by VeriGuide for originality.

The IES 2015 proceedings will be published in a Springer-Verlag book series. Selected papers from IES 2015 will be invited to extend and publish in Special Issues of SCI/SCIE/Scopus-indexed international journals.

### Special Session Organisers

Somnuk Phon-Arnuaisuk (Chair), Institut Teknologi Brunei, Brunei  
Saiful Omar (Co-chair), Institut Teknologi Brunei, Brunei  
Au Thien Wan (Co-chair), Institut Teknologi Brunei, Brunei  
Abdollah Dehzangi, Griffith University, Australia  
Abdelrahman osman Elfaki, Tabuk University, Kingdom of Saudi Arabia  
Adham Atyabi, Salford University, United Kingdom  
Palaniappan Ramaswamy, University of Kent, United Kingdom  
Wida Susanty Binti Hj Suhaili, Institut Teknologi Brunei, Brunei  
Yun-Li Lee, Sunway University, Malaysia
